

Dimmable CCFL COLD CATHODE

FEATURES & BENEFITS

Cold cathode technology is utilized in modern technologies such as laptop displays, cell phones, televisions and monitors. The current technology has been adapted and applied to general illumination products, resulting in the latest generation of compact fluorescent lamp design. Superior Life® Cold Cathode Fluorescent Lamps directly replace incandescent lighting, reducing maintenance costs and saving up to 85% in energy costs. With these immense energy savings, Superior Life® CCFL lamps are versatile, energy efficient and actually pay for themselves.

- Dimmable Range down to 5%
- Excellent for Flashing and Cycling
- User Life 25,000 Hours
- Designed to fit Standard Fixtures
- Soft Starting Cathodes for Superior Lamp Longevity
- UL Rated - Indoor/Outdoor Use
- Phosphor created pink light that will not fade, peel or chip like painted lamps.

Coil Interior with an Attractive Frost Exterior
