

FEATURES & BENEFITS

The Superior Life® LED lamp is an efficient way to light sockets once traditionally reserved for incandescents and linear fluorescent tubes. They consume up to 80% less energy, thereby significantly reducing operating costs. The superior life hours of this lamp makes it ideal for hard to reach places, reducing maintenance.

- 50,000 Hours
- Mercury Free
- No UV
- No Projected Heat

NEED A SPECIFIC LED PRODUCT?

Please check with your local regional manager for availability on our complete line of LED products. Kelvin temperatures from 2700K-6500K and dimmable LEDs are available.

NOTE: Due to multiple input voltage integrated circuits, these items are not compatible with dimming devices. These items may not be compatible with all electronic transformers.
