

SKY-BRITE™ DISPLAY

SKY-BRITE™ DISPLAY AND SKY-BRITE™ BR38 DISPLAY LAMPS

Revolutionize your display lighting with Sky-Brite™ Display Lamps. Unmatched in providing brighter and whiter lighting that enhances product color, quality and clarity. Sky-Brite™ Display lamps also improve the overall look of a complete lighting scheme by providing a superior color temperature that closely matches any existing fluorescent lighting. This prevents unsightly color mixing that can occur with traditional halogen lighting and achieves consistent color throughout.

Sky-Brite™ BR38 Display lamps outperform and outlast halogen display lamps 4 to 1 — 10,000 hour user life compared to 2500 hour user life of standard lamps. Engineered to last longer, therefore reducing your maintenance costs. Energy efficient to reduce your energy costs.

DISPLAY YOUR PRODUCTS IN THE BEST LIGHT:

diamonds, rubies, sapphires, emeralds, garnets, opals, gold, silver, platinum and all other types of gemstones and jewelry; clothing, shoes, accessories, electronics, packaging and more.

SKY-BRITE™ BR38 DISPLAY

- **BRIGHTER LIGHT**
- **WHITER LIGHT**
- **ENHANCES PRODUCT COLOR, QUALITY AND CLARITY**
- **COMPLIMENTS EXISTING FLUORESCENT LIGHTING FOR CONSISTENT COLOR THROUGHOUT LIGHTING SCHEME**

SKY-BRITE™ DISPLAY

- **BRIGHTER LIGHT**
- **WHITER LIGHT**
- **ENHANCES PRODUCT COLOR, QUALITY AND CLARITY**
- **COMPLIMENTS EXISTING FLUORESCENT LIGHTING FOR CONSISTENT COLOR THROUGHOUT LIGHTING SCHEME**
- **3000 & 4000 HOUR LIFE**

STANDARD HALOGEN

TONE: GOLDEN WHITE

Excess yellow causes color distortion and glare,
DECREASING the quality of the product
presentation in displays.

SKY-BRITE™ DISPLAY HALOGEN

TONE: BRIGHT WHITE

Superior crisp white light. This balanced white light offers more
accurate color rendition making colors appear brighter and more vivid,
thus ENHANCING the quality of product presentation in displays.
